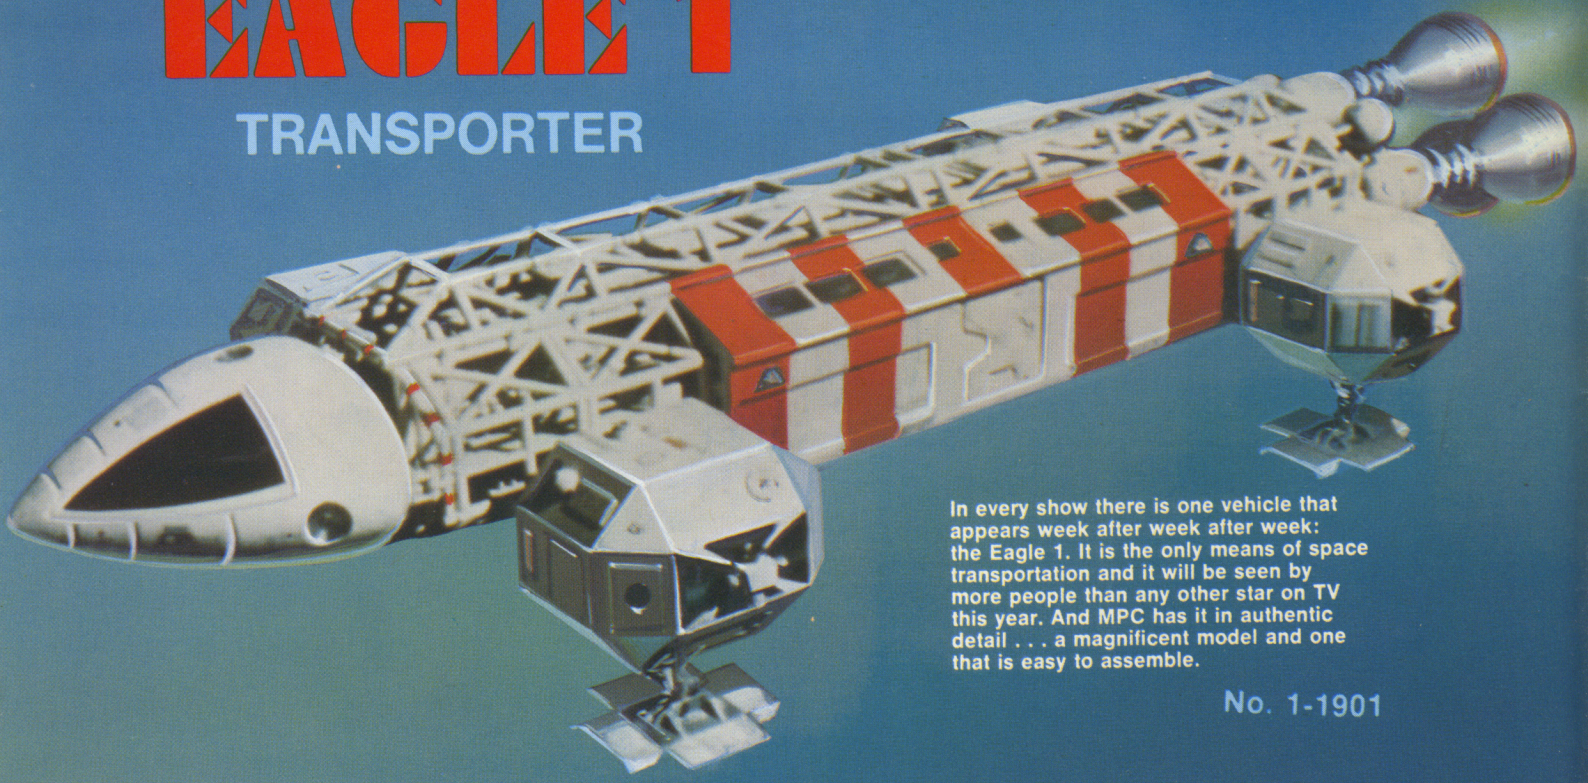
SPACE: 1999

NEW

Here is a TV show that will set the standards for a long time for outstanding technical production. It is beyond anything ever done. It will be the show of shows in the 1975-76 season. And MPC's got it! Space: 1999 from MPC. The show of the year . . . and the kit of the year. MPC's got it!

EAGLE 1

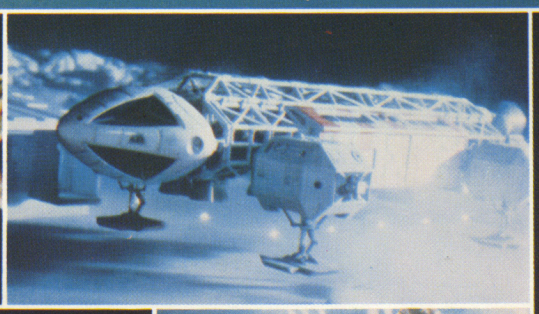
TRANSPORTER

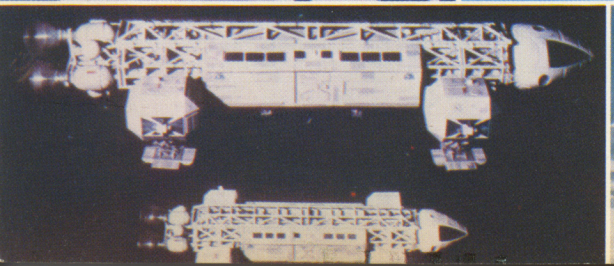


In every show there is one vehicle that appears week after week after week: the Eagle 1. It is the only means of space transportation and it will be seen by more people than any other star on TV this year. And MPC has it in authentic detail . . . a magnificent model and one that is easy to assemble.

No. 1-1901

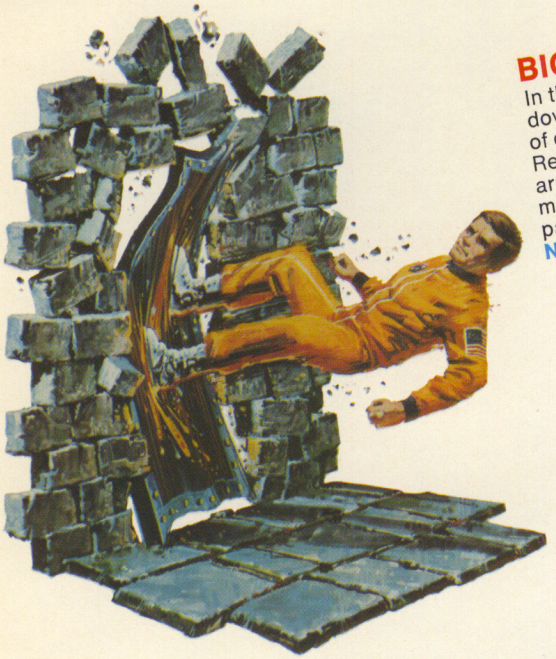
SPACE: 1999!! STARRING MARTIN LANDAU, BARBARA BAIN, BARRY MORSE AND EAGLE 1.





SIX MILLION DOLLAR MAN™

TV's prime time super hero, the Six Million Dollar Man, is now in four great kits that provide all the super-power action and strength of Steve Austin in easy-to-assemble models.



BIONIC BUST OUT

In this kit Steve Austin kicks down the door in a shower of exploding stone. Removable panels of the arm and leg reveal inner mechanics. Snap-together parts.

No. 1-0601

FIGHT FOR SURVIVAL

Here Steve has his hands full . . . full of a surprised ape. Bionic strength galore! Easy to build, easy to paint. And the bionic parts are easy to display.

No. 1-0602

NEW

EVIL RIDER

Here's a kit loaded with action. A crunch of the bionic arm and up and over goes the black-leathered fat man. Easy to build because it all snaps together. Easy to paint, too!

No. 1-0604

NEW

JAWS OF DOOM

A crocodile is easy stuff for the bionic strength of Steve Austin. No wide open match here . . . but plenty of action. And plenty for builder to display. And it snaps!

No. 1-0603
